## What people Say:

### Joey T

This was one of those books where I felt like it couldve been brilliant. A historical retelling of Alice in Wonderland? HOLY MOLY GIVE IT TO ME RIGHT NOW.

But between the poor (weirdly worded) description and confusing writing it really fell short for me. The writing was so... weird? I guess I could say. And it really threw me off. Im just still confused about everything.

The plot (what there was of it) was decent and the friendship between Alice and Alfred was great. There were many scenes I

This was one of those books where I felt like it couldâ€™ve been brilliant. A historical retelling of Alice in Wonderland? HOLY MOLY GIVE IT TO ME RIGHT NOW.

But between the poor (weirdly worded) description and confusing writing it really fell short for me. The writing was so... weird? I guess I could say. And it really threw me off. Iâ€™m just still confused about everything.

The plot (what there was of it) was decent and the friendship between Alice and Alfred was great. There were many scenes I liked (mostly Wonderland scenes), But there were a lot of other scenes that confused me and totally turned me off.

Overall it was a fine read. It wouldâ€™ve been 2/2.5 stars but the ending was actually surprisingly good so I decided to bump it up a bit.

Content:

A bit of language. Godâ€™s name is taken in vain five or six times. H\*\*\*, d\*\*\*, b\*\*\*\* were all used once. The Lordâ€™s name was taken in vain one time.

A man examines Aliceâ€™s breasts after a crude remark is made.

I was gifted this book in exchange for an honest review.

3 star

This was a great premise to blend historical fiction and the whimsy of Wonderland. I didn't have a huge connection to the story and the jumping between book and reality took away from the story for me. I feel like it was a great way to show how light can be shed on really dark times through the power of books. If you are a fan of historical fiction, I think you'll love this.

I need to preface this review by saying that I saw the off-Broadway production of ALICE BY HEART, the show that this book is based on. I LOVE that show. It is a brilliant piece of theatre and when I heard there was going to be a book based on the same story, I knew I was going to love it. So I was going into the biased, and while I'm warning you all of that, I don't really care. I still loved this book.

The story plucked all of the same heartstrings. It's a raw and emotional story about

I need to preface this review by saying that I saw the off-Broadway production of ALICE BY HEART, the show that this book is based on. I LOVE that show. It is a brilliant piece of theatre and when I heard there was going to be a book based on the same story, I knew I was going to love it. So I was going into the biased, and while I'm warning you all of that, I don't really care. I still loved this book.

The story plucked all of the same heartstrings. It's a raw and emotional story about friendship and growing up. Additionally, it is a commentary on the meaning of books and storytelling. How it shapes, wrecks, and completes us all at once. However, the most powerful thing the book for me is the dealings of loss. Sater replicated those messages, feelings, and sensations from the production perfectly to the page.

ALICE BY HEART is a beautiful homage to the original texts by Carroll. They deliver the story in a similar, visual style that winds and weaves the reader through the world of Wonderland, Alice's mind, and her history. The complementary nature of the WWII bunker and Alfred's impending death

are integrated beautifully and tragically. All of that said, if you haven't read the original texts, this might be a difficult book to get into. If you don't understand the allusions Saten is making, you might struggle with the language, the flow, and the structure of the novel.

Finally, I love that some of the lyrics made it into book. Not only was I transported back to the world of the musical, but I got so much more history and depth from the characters and the story that the stage production didn't (and really couldn't provide). I love how Saten expanded the story for this adaptation and he did an excellent job.

Conclusion: Buy when in Hardcover

## mary

if youve read this but havent listened to the musical, do yourself a favour and listen to it ASAP. the musical is much better.

\*An ARC was given to me in exchange for an honest review.\*

It was okay, just not the book for me. Im a huge AIW fan and I did have things I liked about it like the Tea Party and Queen of Hearts scenes, the relationship between Alice and Alfred, as well as all the photos of both the original story and history. Oh and how the author went off the original tale.

But unfortunately, it wasnt my cup of tea (SORRY I HAD TO ðŸ˜€) and the writing style was so hard for me to understand anything. I got the

It was okay, just not the book for me. Iâ€™m a huge AIW fan and I did have things I liked about it like the Tea Party and Queen of Hearts scenes, the relationship between Alice and Alfred, as well as all the photos of both the original story and history. Oh and how the author went off the original tale.

But unfortunately, it wasnâ€™t my cup of tea (SORRY I HAD TO ðŸ˜€) and the writing style was so hard for me to understand anything. I got the overall plot of the book (though there isnâ€™t really a lot going on), but it all felt like word salad, jumbled together. Iâ€™m interested to see how the musical is, since the book was so flowery and full of imagery.

Again, not for me, but it did have itâ€™s good parts. For me to enjoy anything related to AIW, I have a certain expectation in whimsy and nonsense, and this as well as Splintered by A.G Howard were utter nonsense and not in that good way.
